# New Project Proposal: SFF-8024

- SFF-8024 is SFF Module Management Reference Code Tables
- Contains lists of codes for module types, interface types and similar
- SFF policy is to update it with new "application codes" every 6 months
- Last update project R4.13 was completed in June 2025
- It's time to begin the next one
- Estimated publication – March 2026
